The other $250M was booked in Division 40. As in the fourth quarter, this should be treated as deposit accounting and not hit the statutory books.

Jay,

In 4q00, a $250 million LPT was booked for Gen Re. We knew at that time that the total deal was eventually going to be $600 million. Should we have the other $250 million Gen Re LPT in 1q01?

Thanks.

Dave
